

Building Sisterhood

One Brick at a Time

AOII's Brick Walkway gives sisters, family members and friends a way to recognize special AOIIs.

Whether you want to honor a mentor, an officer, a chapter, or an AOII relative, there are many options to personalize a brick for the Brick Walkway at International Headquarters.

One character (letter, number, or punctuation) or space per block. Position or center your message exactly as you want it to appear on your brick. Hyphens, periods, apostrophes, commas, the symbol "&" and Greek letters are available. To order more than one of either size brick, print engraving information for each additional brick on a separate sheet of paper and enclose with your order. Single brick can have 2 to 3 lines, double 4 to 5 lines with no more than 13 characters per line, including spaces. Note: If using Greek letters for your chapter, spell out the Greek name in English on the following line so the engraver can verify (i.e. for "D," spell out "Delta" on the line). All bricks ordered during the year will be installed in the Spring/Summer.
