

**ARTICLE IX**  
***Statement on Human Dignity***

Alpha Omicron Pi supports the statement endorsed by the NPC member groups on human dignity and sexual harassment which holds “that college women should have a positive influence in the direction and achievements of the university community and that activities should promote self-worth, human dignity, and a positive Greek image.” Further, the Fraternity endorses the following tenets:

- a. The dignity of the individual is a basic element of a civilized society and the foundation of Alpha Omicron Pi.
- b. The value and worth of individuals is an essential factor in establishing mutually respectful and healthy relationships between the sexes.
- c. Any action of sexual harassment is damaging to self-worth and personal dignity.
- d. Alpha Omicron Pi does not condone any activities, including contests or games which are demeaning, destructive, ridiculing or abusive that neither support the high standards and ideals of Alpha Omicron Pi nor promote a positive image of the Greek Community.

Therefore, Alpha Omicron Pi resolves that our chapters and members will not endorse, support, or participate in any activities which demonstrate disregard for self-worth and dignity of individuals, cause disharmony among NPC groups, or whose purpose is counter-productive to the development of a positive Greek image.
