

ALPHA OMICRON PI

First Year On Us

ARE YOU A RECENT ALUMNA?

- Did you graduate within the last 5 years?
- Are you looking to connect with sisters in your area?
- Are you interested in going to fun events and being involved in your community?

DID YOU KNOW?

As long as it is within five years of an AOII member becoming an alumna, and her first time to join an alumnae chapter, her first year of dues will be free!

All she needs to do is tell her Alumnae Chapter President that it is her first time to join an alumnae chapter, and she will take care of the reporting.

[Click here to visit AOII's Chapter Locator](#) or open your phone's camera and follow the QR code to find an alumnae chapter near you!
