

VIRTUAL FIRESIDE CHATS

with the

*Alpha Omicron Pi Executive Board
and Properties Board*

We are excited to host opportunities for members to connect with AOII's Executive Board and Properties Board through a series of Virtual Firesides in July. Each session is limited in numbers to focus conversations on tackling big picture topics such as AOII's relevance in today's world. Please see the links to register for specific sessions below. Members are limited to sign up for **only one session** on a first come, first served basis.

We are excited to connect with participants and ask them to come prepared to share AOII's relevance and meaning in their lives, and what we want AOII and our members to be known for. We look forward to this intimate opportunity for sharing what AOII means to our members and how we can continue to Inspire Ambition in all we do.

Note: Attendees will receive approval/confirmation of their time prior to the session.
