IT'S NO SECRET — IT'S YOU!

Throughout AOII's 125-year history, despite crises, wars, and pandemics, AOII sisters have always come through — loyalty, generously, and lovingly. And, during our 125th Anniversary celebration, you have done it again. Please read on to see what we accomplished together in this first half of the biennium.

SCHOLARSHIPS, FELLOWSHIPS AND GRANTS TO UNDERGRADUATES, GRADUATES AND RETURNING SCHOLARS

As AOIIs, we Inspire Ambition, and as loyal donors to the AOII Foundation and the Loyalty Fund, we also empower it by providing scholarships that encourage academic performance, advanced degrees, and grants that create new beginnings for returning scholars. And, through the generosity of our sisters, we added four new scholarships to start in the 2022-2023 academic year.

"After being laid off, I started to question if this was the right time now to make that switch from being employed to spending a lot of money on a degree but then having AOII come in and say, 'We believe in you, and we're going to financially support you' was a really big weight lifted."

HELPING SISTERS IN NEED

Your generous outreach provided emergency COVID-19 assistance to all members — undergraduates and alumnae. At the same time, you helped us reach out with financial lifelines to sisters with other emergency needs due to illness, job loss, natural disasters, and other unforeseen circumstances.

SUPPORT FOR OUR PHILANTHROPY

Every year, AOII sisters raise thousands of dollars to help conquer arthritis and to assist those affected by this debilitating disease. Donors like you provide the energy to support these efforts.
