WELCOME

This collegiate chapter awards guide includes everything you need to know about Collegiate Chapter awards and is your guide to the awards process. We look forward to learning about your accomplishments and recognizing outstanding collegiate chapter achievements!

Please contact the Awards Committee at AwardsSubmitted@alphaomicronpi.org if you have any questions about the awards process.

SUBMISSION REQUIREMENTS

- Chapters are encouraged to submit applications for all award categories.
- Each chapter may submit only one application per category award.
- Video submissions are required unless otherwise noted.

VIDEO SUBMISSION INFORMATION

- Videos may NOT be sourced out to professionals and must be recorded through Zoom or a similar platform.
- Videos should be no longer than 10 minutes per award and cover the requested question prompts listed in this guide and on SmarterSelect.
- Officers featured in videos may screen share and/or use a slide presentation. If doing so, you are encouraged to utilize the AOII brand.
- Be sure to test your links prior to submitting your application.
- Be sure to grant access to 'anyone with link' when sharing your video link, and be sure that you do not delete the cloud recordings until after July 1, 2023. If judges cannot access your video because of password protection, it will be disqualified.

SHARING YOUR VIDEO LINK

- **FOR ZOOM:** Please ensure that the recording is set to be shared publicly, that there is no expiration date, and that the password protection is turned off.
- **FOR GOOGLE:** Please upload the video file to your Google Drive and use the "Get Link" feature, ensuring that anyone can view the link.
- **FOR DROPBOX:** Please upload the video file to Dropbox and use the "Copy Link" share feature.

ELIGIBILITY

All chapters are eligible for recognition if the following criteria have been met:

- The chapter has remained in good standing with Alpha Omicron Pi throughout the 2022 calendar year.
- The chapter has remained in good standing with its college/university throughout the 2022 calendar year.
- The chapter may not be 30 days or more past due on any fees owed to the Fraternity or chapter's corporation.

DEADLINE

This awards submissions deadline is March 1, 2023 at 11:59 PM CDT.

STEPS TO SUCCESS

- Carefully read the criteria and requirements for the various awards. These requirements must be strictly followed.
- Work with the members of your Executive Team to gather information needed for each award category. Because each category may need information from multiple officers, use delegation and teamwork throughout the application process. It may be helpful to assign an officer to take the lead on each award application so she can confirm that the application is filled out completely and correctly before submission.
- Create a single awards login for the SmarterSelect system. It is easier to keep track of the statuses of each application and will allow multiple Executive Team officers to access the applications.
- Work early, work often! Don't wait until the last minute to work on these award applications. Take advantage of the time allotted to answer the questions fully.

GETTING STARTED

The Awards Committee is looking for applications that are creative, innovative and comprehensive. Award applications should be complete, answering each question in its entirety and honestly to the best of your chapter's ability. While it is suggested that Chapter Advisors and other members of the CCAB review the applications prior to submission, chapter officers are responsible for the creation and submission of each award application.

The chapter should have one officer designated to create a SmarterSelect Account and upload award submissions on behalf of the chapter. For Medium and Large chapters, this could be the Awards Coordinator, or VPO, in Small and X-Small chapters, this could be the VPO or CP. Each VP should oversee the creation of the awards submission videos in collaboration with her team, using the questions and guidelines in this Awards Guide. Once video content is created, the officer designated to submit the awards should collect video links and submit the awards on behalf of the chapter.

CREATING AND UTILIZING YOUR SMARTERSELECT ACCOUNT

Every chapter must set up one SmarterSelect account to use for the chapter awards process. Each chapter must create only one account for the submission of your chapter's award applications.

SMARTERSELECT USERNAME/EMAIL ADDRESS

Chapters should use an email address that is associated with an officer role. For instance, the Beta Alpha Chapter Vice President of Operations (VPO) might have an account email that is betaalphavpo@gmail.com.

If your chapter previously created an account with an awards email, you could continue to use the same account for chapter awards.

FIRST AND LAST NAME FIELDS

You should use your chapter name for the First Name and Last Name fields of the account. If you are a double-letter chapter, please use your first letter as your First Name and use your second letter as your Last Name. If you are a single-letter chapter, please use your single letter for your First Name and "Chapter" for your Last Name.

Beta Alpha Chapter will look like this:

First Name: Beta

Last Name: Alpha

Alpha Chapter will look like this:

First Name: Alpha

Last Name: Chapter

PASSWORD

When you create your password, make sure to use something that any Executive Team members can have access to and can remember so that everyone can work on their designated applications.

TRANSITION

Save the account information so that it can be passed along to the next Executive Team, and the information will not have to be altered or re-created.

ACCESS

Whoever has access to the account information may change any and all information at any point prior to submission. Therefore, it is imperative that all members with access to the account understand the responsibility of having access.

SAVE, RESUME & SUBMIT

All award applications can be saved and resumed at any point prior to the submission deadline. Be sure to hit SAVE when exiting the application and not SUBMIT. Applications cannot be retrieved and/or altered after they are submitted. **Submitting the application is FINAL.**

It is suggested that the Chapter President and the Executive Team review all applications prior to submitting them. Once the officers confirm the validity and honesty of the application, the Chapter President should consider reviewing the submission one final time for accuracy before submitting the completed application.

UTILIZING THE EXECUTIVE TEAM

It is in the chapter's best interest that the awards process is a collective effort of the Executive Team. Each application might need information from different Vice Presidents and their respective teams, so make sure that each officer knows what she is responsible for in terms of documenting appropriate information.

In the following pages, you will find the criteria and requirements for each award as well as the exact questions that will be asked in the award application. It is recommended that each officer be given the sections corresponding to her role and responsibilities and be directed to this awards packet on the Alpha Omicron Pi website.
